843 Thirteenth Ave N

Clinton, Iowa 52732

## ANNUAL REPORT 2010—2011

Every year, at this time, we send a Retirement Appeal letter to you, our friends and families, who have been so generous in your support. This year's appeal focuses on several of our sisters who are 'newly retired'.

I discovered that they are still finding it difficult to even think of themselves as 'retired' yet, because of all their years of active ministry and because of all they still do from day to day.

Enjoy the listing and the stories

**If I were to choose one word to describe my years of ministry it would be "enriching". I laugh when I compare my careers to the typical, including: teaching, campus ministry, religious education, house manager of a group-home for developmentally delayed adults, and case manager/advocate for developmentally delayed adults.**

**In each area I grew in my understanding and love of God. When I was a teacher, a fourth grader called me "strict but fair". In campus ministry, God showed me the depth of faith and the difference between religion and spirituality. With the developmentally delayed adults I experienced the depth of God's love in the truth and simplicity of this population which marked my being in an unchangeable manner.**

**My hopes for retirement are best depicted in a picture I drafted to be put in watercolor and acrylics. The picture illustrates a green prairie and colorful flowers with an empty bench in the midst... a bench on which one can contemplate the beauties of God's many gifts.**

**I am also working on programs that use my Franciscan Studies and plan to help in developing a program for our Sojourners and Associates.**

**My years of ministry were so special because of the children, adults and staff persons that I got to know. I was a teacher, principal, for 27 years. I worked to begin the kindergartens for 5 parishes in Clinton. Then I became a parish pastoral associate and later a hospital chaplain for 12 years. My last ministry was with elders at Pine View Care Center in St. Charles, Illinois. What wonderful years!**

**Now my failing health has brought me to retirement. I plan to volunteer at the Alverno in the Spring. And I also wish to help sisters here out here at The Canticle. I enjoy being involved in prayer services and retreats.**

**I would describe my years of ministry as happy and very rewarding! As a primary teacher, as well as a Spiritual Campus Minister in an elementary school, I was challenged but also found every day filled with surprises. I felt blessed at the opportunities to share my life and their dreams with parents and children!**

**The most rewarding and memorable of my ministry experiences would be seeing the success of students and especially when they returned to say thanks years later. On a daily basis I found it very rewarding to help a child smile and feel loved and special!**

**My hopes and plans for retirement are to have an open door; to listen to others and to get to know them better and on a deeper level. I bring my gift of good listening and hope to provide an environment that is welcoming to all who come to visit.**

**I also hope that I will be able to deepen my spiritual life now that more time is available for reading and reflection and taking advantage of the many spiritual offerings at the Canticle.**

### Sister Evelyn McKenna

**I have been to many places and met many people... working with people of all ages, children to adults, in schools and hospitals... always in education. I have been an administrator... and it helped me develop many communication and social skills.**

**Now, I am ready for change. I would like to expand our Canticle ministry and I would serve wherever I am needed... in the offices, or wherever. I see one of my roles to be that of support for other sisters who are adjusting to retirement at the Canticle.**

**My first responsibility, right now, is to keep my health strong.**

**My years of ministry were very fulfilling. Whether I worked with adults or children it was enjoyable. I especially liked to work with their faith life and relationship with Jesus.**

**I have already begun my retirement and continue to do some ministry here in San Diego, California. I would like to continue to be of service to others throughout my retirement. It gives me more time for prayer which is very satisfying. I can make plans but God alone knows how they will work out.**
